CITY OF PINOLE

PINOLE SANITARY SEWER LATERAL COMPLIANCE:

An inspection report:

- has been provided to Buyer
- has not been provided to Buyer

A. In Compliance: If checked, Seller warrants that a Sewer Lateral Inspection has been performed and that the Sanitary Sewer Lateral is in Compliance with the City of Pinole Municipal Code. Seller shall provide Buyer with proof of compliance prior to final verification of condition.

B. Not in Compliance – Responsibility for Cost of Compliance: If checked, the Property is not yet in compliance. Cost of Compliance shall be paid by:

- Seller
- Buyer

C. CONDOMINIUMS: Condominiums are also required to comply with the private sewer lateral program. Condominiums and other Common Interest Developments with a Homeowners’ Association (“HOA”) were generally excluded from bringing PSLs into compliance, whether using individual or shared sewer laterals, and had until July 12, 2021 to comply BUT ONLY if the HOA was built before July 12, 2019 and the HOA is legally responsible for maintaining the sewer laterals (the HOA has not filed an appropriate notification of non-responsibility). HOAs built after July 12, 2019, have a 24-month deferral period from date of completion to be in compliance, there are several exceptions. Brokers have no expertise on this topic.

Generally, the HOA is responsible for the PSL compliance; if it is not, then Seller Buyer (check one) shall be responsible.

WEST COUNTY WASTEWATER DISTRICT

SANITARY SEWER LATERAL COMPLIANCE: All Properties serviced by the West County Wastewater District (“WCWD”) must have a video inspection of the sewer lateral prior to the Close of Escrow unless there is a Certificate of Compliance on file with the WCWD. The WCWD requires that all sewer lateral repairs must be completed prior to Close of Escrow unless the Seller has applied for and has been approved for a hardship deferral. Only the Seller is allowed to apply for the hardship deferral. The current WCWD policy is that if the home has previously been sold since 2008 without obtaining WCWD compliance, then no hardship deferral will be granted. For more information, including all WCWD policies and procedures for obtaining a hardship deferral/extension, send an email to West County Wastewater at permits@wcwd.org.

A Video of the Sewer Lateral has been completed and the inspection report:

- has been provided to Buyer
- has not been provided to Buyer but will be provided no later than 5 or ____ Days after Acceptance.

A. In Compliance: If checked Seller warrants that the Sewer Lateral is in Compliance with West County Wastewater District guidelines. Seller shall provide Buyer with a Certificate of Compliance prior to final verification of condition.

B. Not in Compliance: If checked, the Property is not yet in compliance with the Sewer Lateral Inspection requirements. A Certificate of Compliance shall be provided prior to the final verification of condition. Cost of Compliance shall be paid by:

- Seller
- Buyer – but only if the Seller has been approved by WCWD for a hardship deferral/extension.

C. Compliance After Close of Escrow: If checked, prior to Close of Escrow, Seller shall provide Buyer with written proof that Seller has been approved by the WCWD for a hardship deferral which is a prerequisite to extend completion of the repairs until after Close of Escrow. If the WCWD approves the Seller’s request for a deferral then the sewer work can be completed after the Close of Escrow and cost of Compliance shall be paid by:

- Seller
- Buyer – but only if the Seller has been approved by WCWD for a hardship deferral/extension.

D. CONDOMINIUMS: Condominiums are also required to comply with the private sewer lateral program. Condominiums and other Common Interest Developments with a Homeowners’ Association (“HOA”) were generally excluded from bringing PSLs into compliance, whether using individual or shared sewer laterals, and had until July 12, 2021 to comply BUT ONLY if the HOA was built before July 12, 2019 and the HOA is legally responsible for maintaining the sewer laterals (the HOA has not filed an appropriate notification of non-responsibility). HOAs built after July 12, 2019, have a 24-month deferral period from date of completion to be in compliance, there are several exceptions. Brokers have no expertise on this topic.

PERMIT WORK PRIOR TO CLOSE OF ESCROW

The Parties understand, acknowledge and agree that, in the event there is an agreement that the Seller will perform any repairs prior to the Close of Escrow that constitute alterations or improvements at the Property will require the issuance and finalization of a permit, the governing agency will require that the Property be retrofitted with compliant water conserving plumbing fixtures as a condition of finalizing the permit and/or at least two (2) drowning prevention devices; in the event, **the Party designated above shall be responsible for the expense of such retrofitting regardless of who is paying for the work necessitating the permit.**

NOTE: (a) the interpretation as to what constitutes an alteration or improvement may differ in different jurisdictions and (b) real estate licensees cannot predict what interpretation will be used at any point in time by any permit issuing entity.
