ninakasperwhite@kw.com

Nina Kasper-White grew up in the Chicagoland area and graduated from Illinois State University with a bachelor's degree in Organization Management. After working in Human Resource for several years, she moved to the East Bay in 1991.

Nina started in real estate in 1997 as an assistant. She learned the basics of real estate from two very successful agents then proceeded to learn every aspect of the business on her way to getting her license in 2005. She joined Keller Williams in 2012. She has worked with several teams over the years as an Executive Assistant as well as a Transaction Coordinator. Her attention to detail and organizational skills have served her agents well and help to make every transaction as smooth as possible.

In her downtime, Nina enjoys spending time with her family, watching her favorite sports teams, playing video games with her sons and is an active participant in her community by being President of her HOA board.

Nina brings her 25 years of real estate expertise to the Keller Williams Realty Transaction Coordinating Team and is ready to accept new agents.
